

To the Director of the DDUDD  
PhD to A.Zh.Amirov

**The calendar plan for the development of the EEP for the 2021-2022 academic year**  
**Department of "Transport Engineering and Logistics Systems"**  
**Bachelor's degree**

№	Type	Name in the development language	Discipline	Specialization	Authors	Development language	Certification period
1.	Video tutorial, lecture	Resource saving during maintenance and routine repair of cars	Resource saving during maintenance and routine repair of cars	Transport, transport equipment and technologies	Zhailaubekov M.A.	Kazakh	December 2021г.
2.	Video tutorial, lecture	Drives of transport vehicles, the basics of calculation	Drives of transport vehicles, the basics of calculation	Transport, transport equipment and technologies	Suleev B.D.	Russian	February 2022г.
3.	Video tutorial, lecture	Transport and society	Transport and society	Transport, transport equipment and technologies	Turdybekov M.K.	Russian	January 2022г.
4.	Video tutorial, practical lesson	Macrological systems	Macrological systems	"Logistics" (transport).	Sungatollakyzy A.	Kazakh	October 2021г.
5.	Video Tutorial, laboratory work	Organization of road transport, certification and licensing in transport	Organization of road transport, certification and licensing in transport	Transport, transport equipment and technologies	Kukesheva A.B.	Kazakh	November 2022г.
6.	Video tutorial, lecture	Licensing and certification in transport. International standardization in logistics	Licensing and certification in transport. International standardization in logistics	"Logistics" (transport).	Karsakova A.M..	Russian	January 2022г.
7.	Video tutorial, practical lesson	Drives of transport vehicles, the basics of calculation	Drives of transport vehicles, the basics of calculation	Transport, transport equipment and technologies	Seitov R.M.	Russian	February 2022г.
8.	Video tutorial, lecture	Simulation modeling of transport processes	Simulation modeling of transport processes	"Logistics" (transport).	Maulenova A.M.	Kazakh	January 2022г.
9.	Video	Energy installations of	Energy installations of transport	Transport, transport	Anbiev E.Zh.	Kazakh	June 2022г.

	tutorial, lecture	transport equipment	equipment	equipment and technologies			
10.	Video tutorial, lecture	Macrological systems	Macrological systems	"Logistics" (transport).	Amangeldiev N.E.	Russian	May 2022г.
11.	Development and implementation of MOOC	Engineering infrastructure of motorways and public roads	Engineering infrastructure of motorways and public roads	"Logistics" (transport).	Mukhtarov T.M.	Russian	June 2022г.
12.	Development and implementation of MOOC	Logistics of urban transport systems	Logistics of urban transport systems	"Logistics" (transport).	Turdybekov M.K.	Russian	May 2022г.

**Head of the Department**

**Kabikenov S.Zh .**

**The calendar plan for the development of the EEP for the 2021-2022 academic year**  
**Department of "Transport Engineering and Logistics Systems"**  
**Magistracy**

№	Type	Name in the development language	Discipline	Specialization	Authors	Development language	Certification period
1	Video tutorial, lecture	Technical operation of transport equipment	Technical operation of transport equipment	7M07104 Transport, transport equipment and technologies	Кабикенов С.Ж.	Russian	September 2022г.
2.	Video tutorial, lecture	Methodology and methods of scientific research	Methodology and methods of scientific research	7M07104 Transport, transport equipment and technologies	Kurmasheva B.K.	Russian	March 2022г.
