In accordance with the plan of educational work of the department "Industrial Transport" in September 2021, students of all full-time courses took part in the charity event "Balaga sylyk - bolashakka sylyk" as part of the annual traditional Republican action "Road to School".

With the funds raised, school supplies were purchased for 4 families (two of them with many children, the third with a single mother and both parents with disabilities in the fourth), who received school bags, notebooks, various stationery, etc. as a gift.

Students and staff of the Department of "Industrial Transport" wished the children good health, excellent studies and new wonderful discoveries in the Land of Knowledge.
