

Curatorial hour on the topic: "Formation of anti-corruption culture among youth"

10/07/2021 according to the plan of the club "Sanaly Urpak" in order to implement the strengthening of anti-corruption measures, with the students of the KOPZhT 9 / 19-1 group, together with the curator Umirbekova Gulzhazira Shamshibekovna, a curatorial hour was held on the topic: "Formation of anti-corruption culture among young people." Dangerous for any developing state is corruption, which must not be left out of sight. An educational lecture was held among students, where the ways and methods of fighting corruption were revealed, puzzles were solved and explanations were given to the guessed concepts, those that, in their opinion, most fully reflect the harmfulness of corruption, were selected from the list of proverbs and sayings.

Thus, the students revealed the essence of the problem of corruption, exchanged views on anti-corruption actions and its impact on society. At the end of the curatorial hour, the students came to the conclusion that corruption is an obstacle to economic growth, and in order to fight it, it is necessary, first of all, to start with oneself and demand the elimination of corruption from others (student coverage - 18 people).
