

The event "competition of booklets" Mamandygym maktymyshym ""Specialty BMT and VE"

On September 17, 2019 within the complex program the event "competition of booklets "Mamandygym maktymyshym" "specialties of NVP and SOFTWARE" was held at the Department of Poip. Students of the specialty P and NVP took part. The competition helps to increase the activation of educational activity of students, education of their activity, independence of thinking, to intensify the cognitive interest of students in choosing a profession, to contribute to the formation of students ' sense of responsibility.

We give an important place to interactive technologies: didactic and business games, debates, discussions, meetings of interest clubs. During the event, students learned more about other specialties, there was a conversation between students of the Department of Poip.

The content of the competition work:

Participants are invited to create a computer presentation, video or booklet about the profession, specialty for which they are trained. The work should include: information about the content and working conditions in the profession; the conditions and features of its receipt in an educational institution; information about the demand for the profession in the labor market, prospects for development in this profession and any other useful information about the profession. (famous personalities in this profession, interesting facts etc).

Main criteria for evaluation of competition materials:

Booklets are information and educational material of small form.

The booklet should be written in an accessible and understandable language, the content of the material

reflect a good understanding of the author of the declared subject.

The booklet will be evaluated according to the following criteria:

- decoration (design);
- completeness and accuracy of information;
- attractiveness, brightness, creativity;
- compliance with the theme of the competition;
- clarity, accessibility, emotional load of the material presented;
- compliance of drawings, photos and other images with the content of the text.
