

Master class of the curatorial hour, on the following topics: "Takezhanov S. T.- Metallurgist scientist, organizer of non-ferrous metallurgy in Kazakhstan". "Basenov T. K.-architect, founder of the Kazakh architectural school", " state Symbols of the Republic of Kazakhstan»

April 24, 2020, remotely in the Zoom program at 09.55 hours, a master class of curatorial hours of Turdybekov M.K. in groups Log-18-2, Log-18-2c was held. (According to the plan, March 27 was supposed to pass, but due to the transition to distance learning, it was postponed).

Purpose: to acquaint students with the scientific activities of scientists Takezhanov S.T. and Basenov T.K., to form a responsible attitude and interest in scientific activities within the university. Also deepen students' knowledge about the State symbols of the Republic of Kazakhstan.

The curator hour was attended by the deputy dean for educational work Ospangalieva M.T., senior curator of the TTLS department Maulenova A.M.

Participants: Log-18-2 group (the number of people in the groups on the list is 27 students, there were no students late, everyone was present), Aubakirova A., Fedorova M., Nugirova A., Piminova V.

The intellectual "Own game" was held, where the group was divided into 5 teams. All students actively participated.

In general, the curatorial hour was informative and constructive, where students became more familiar with the personality of scientists, revealed their personal human qualities and discussed professional activities. They also got acquainted in more detail with the history of the creation of the State Symbols of the Republic of Kazakhstan.

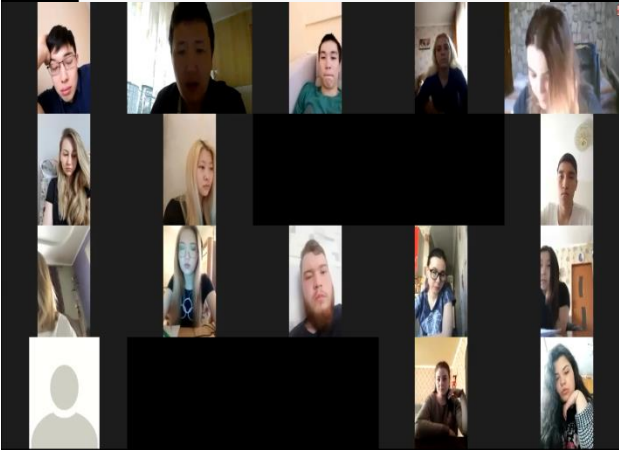

Organizers: Senior Lecturer of the TTLS department Turdybekov MK, students of Log 18-2 group.

3 июля 2011г. состоялся Международный конгресс металлургов в Астане, где был представлен стенд, посвященный Саулу Темирбаевичу Такежанову. Стенд знакомил участников конгресса с научно-производственной деятельностью, публикациями и биографией выдающегося инженера.
