

Open master class on the topic: "combating corruption in educational institutions»

On the plan of the "Sanaly urpaq" club, work is being carried out to clarify anti-corruption legislation, such as students, as well as teachers, by conducting curatorial hours, employment in schools of legal knowledge, as well as with colleagues from law enforcement agencies, lectures, disputes, round tables, debate tournaments on the topic of various forms of corruption in high-level life; business Games; discussion on the fields and optional activities related to problems related to citizenship and patriotism, moral and moral considerations, viewing film materials and video clips. The main goal of the club is the formation of an anti-corruption World among young people. The head of the club, together with activists, has the right to appropriate issues of good faith and various actions aimed at preventing corruption offenses.

03.03.2020 at 9: 15 in the framework of the club "Sanaly urpaq" was held a curatorial hour on the topic: "combating corruption in educational institutions".
