

Information about preparatory courses

Abylkas Saginov Karaganda Technical University invites school graduates to the preparatory courses functioning at the university.

The training program includes all subjects of the UNT, namely mathematics, physics, biology, chemistry, geography, history of Kazakhstan, reading literacy (Russian and Kazakh). The training is carried out in the state and Russian languages.

The work of preparatory courses is carried out on a paid basis – 7200 tenge per subject per month, the minimum number of subjects is 1, the number of classes is 2 times a week.

The number of listeners in the group must be at least 10 people. Classes are conducted by experienced, highly qualified teachers.

More detailed information can be obtained at: Karaganda, N. Nazarbayev Ave., 56, the first building, office 206a.

Phone numbers: 56-17-98, 87029866906.
