

Laying flowers at the monument "QAZAQ ELINE MYN ALGYS"

The memorial sign «QAZAQ ELINE MYN ALGYS» was opened in the Central Park of the city of Karaganda in honor of the 30th anniversary of the Korean ethno-cultural center 4 years ago.

The friendship of the country's ethnic groups was popularized at the event within the framework of the «Rukhani Zhangyru» program.

And the memorial sign «QAZAQ ELINE MYN ALGYS» symbolizes the friendship of peoples and the continuity of generations.

The peculiarity lies in the fact that the monolithic stone sculpture depicts lotuses forged from metal. The unique sign is a vivid testimony to the unprecedented persistence of Koreans during the years of deportation.

Participants of the spiritual event, namely students of the Karaganda Technical University of FEAT of the Department "Energy Systems" of the TE-20-1, TE-20sk groups (curated by Madi P.Sh.), laid flowers at the memorial sign «QAZAQ ELINE MYN ALGYS».
