Work Plan
for the implementation of the educational program “Adal Azamat”
at the College of Innovative Technologies
Karaganda Technical University named after Abylkas Saginov

Karaganda, 2025

The purpose of the Program:

The formation of a harmoniously developed personality of the student based on the values of Kazakhstani culture, through the development of spiritual and moral qualities, civic responsibility and patriotism, integrity and conscientiousness.

Objectives of the Program:

Development of spiritual and moral qualities:

- the formation of love for the Motherland, one's people, its history and culture;
- fostering respect for the state symbols of the Republic of Kazakhstan;
- development of honesty, justice, kindness, care, mercy and other moral qualities;
- development of a caring attitude towards nature and the environment.

Development of civic responsibility and patriotism:

- fostering a sense of pride in one's country and its achievements;
- formation of a conscious attitude towards one's responsibilities to family, society and the state;
- development of readiness to protect one's rights and freedoms, as well as the rights and freedoms of other people;
- involvement of students in socially significant activities.

Formation of integrity and good faith:

- fostering honesty and fairness in behavior and relationships with others;
- development of responsibility for one's actions and words;
- development of hard work and the desire for self-improvement;
- fostering respect for the work and property of others.

Creating conditions for the harmonious development of the student's personality:

- ensuring an individual approach to the education and training of each student.
- creation of a favorable psychological and pedagogical climate in the educational environment.
- support for gifted children and children with special educational needs;
- involving the family in the educational process.
