LIST OF PREREQUISITES
for admission to a master's degree program under the educational programs
7M06102 "Computer technology and software"
7M06101 – "Information systems"
7M06103 "Machine learning and data analysis"
for 2022-2023

Code and classification of the fields of training: "7M061 Information and Communication Technologies"

1. In accordance with the field of training:

No.	Name of the discipline	Quantity of credits ECTS
1	Algorithmization and programming / Algorithms, data structures and programming / Programming technique	5 / 5 / 6
2	Databases / Databases in information systems / Database designing	5 / 5 / 6

2. In non-conformity with the field of training:

No.	Name of the discipline	Quantity of credits ECTS
1	Algorithmization and programming	5
2	Databases	5
3	Physics	5

Head of the Department of Information
Computation Systems   A.A. Kalinin
