

## **The Foreign Languages Department of KTU will hold an online Social-educational event Interactive intellectual game "Pages of the history of Karaganda" in three languages**

The event will be held online in the **Microsoft Teams**, more than 50 students will take part in it, as well as the teaching staff of the Foreign Languages Department.

The purpose of this educational event is to create conditions for updating existing knowledge, motivating new ones about students' hometown in the form of a quiz game. Tasks:

1. To revise and generalize knowledge of the history of Karaganda city;
2. To develop imaginative thinking, memory and cognitive interest in the study of their native land;
3. To cultivate patriotism and love for their native land;

First-year students of KarTU will take part in an interactive quiz consisting of the following categories:

1. Geography of Karaganda;
2. Culture;
3. Famous people from Karaganda;
4. Interesting facts;
5. Modern Karaganda;
6. KTU;

An interactive quiz will help students in their civil development, in fostering love for their homeland, in understanding the historical and cultural values of their people and city. Karaganda is, first of all, a large industrial center, as well as the core of the scientific and cultural life of the state. Numerous communications and transport enterprises are actively developing and operating in the city.

Homeland begins with hometown. The concepts of homeland and hometown are inextricably linked and sacred to every person. Questions of the history of the native city are included in the curricula. This event makes it possible to strengthen the educational role of the lessons, to make the youth closer to their hometown. Outside the circle of compulsory knowledge, determined by the curriculum, there are many bright and fascinating pages of the history of the native land. Acquaintance with them is an invaluable source of spiritual enrichment for students. Great opportunities for the formation of interest in the history of the city are inherent in the educational event.

The proposed questions reveal and develop the chronological, cartographic skills of students, require additional search, research to explain the origins of names, terms, analysis of sources, works of literature and art. Students will have the opportunity to consolidate knowledge about the history of their native city, about the sights, its symbols, city districts; consolidate the ability to guess riddles, develop logical thinking, and systematize knowledge about our educational institution KTU.

According to the results of the quiz, participants will be awarded in different categories, and one winner will be revealed - the student who scored the most points for correct answers.
