

plan

according to the research and Development program of the Department of Physics for the 2024-2025 academic year

No n /	a Name of works	Terms of execution	Performers	Mark of completion
1	Work of research and development circles: - Crystallography of scientific hands. Turdybekov D. M. -Structure and properties of inorganic crystals of scientific hands. Mazhenov N. A.	22.10.2024 22.10.2024	Turdybekov D. M. Mazhenov N. A. 2	
2	Involvement of students in the research work of the department	22.10.2024 01.06.2025	teaching	
staff 3	Organization and holding of Olympiads and competitions: – preparation of students for the university Olympiad in physics; - holding the first correspondence round of the intramural Physics Olympiad; - holding the second full-time round of the Physics Olympiad among students of the 1st and 2nd courses of the University; - republican competition of scientific projects of schoolchildren in the line of DDU	November 2024- February 2025 March 2025- April 2025 April 2025 April 2025	Teachers Lecturers Kusenova A. S. Kusenova A. S.	
4	Participation of students in scientific conferences of republican and regional levels – 20 students	30.04.2025	Teachers	
5	Publication of the results of scientific works: – in articles of scientific publications of the Republic of Kazakhstan and abroad; - in journals and conference materials	31.05.2025	Turdybekov D. M.	

Head of the Department of Physics

Turdybekov

Responsible for research

D. M.

and development A. S. Kusenova
