

Security is the foundation of life

On 28.04.2022, students of the groups TE-20-1, TE-20sk (curator Madi P.Sh.), TE-21-1 (curator Kakimova K.Sh.) of the Faculty of Energy, Automation and Telecommunications of the Department "Energy Systems" had an excursion to the museum of the Fire Service of the GU SP and ASR of the Emergency Department of the Karaganda region of the Ministry of Emergency Situations of the Republic of Kazakhstan in as part of an event to raise awareness among young people about government support measures.

Students were introduced to the history and modernity of one of the most courageous professions. The Fire and Technical Center is headed by the chairman of the Council of Veterans of Emergency Authorities Berik Abdraev, who has worked in the fire service for more than 30 years. The guide Huseynova Simzar Nagdalievna, also a former employee who gave more than 20 years of service in the fire department.

The museum showed exhibits brought from real fires, fire-technical weapons and equipment. The museum's exhibition introduces modern means of fire protection of buildings and structures.

Special departments are dedicated to fire prevention, fire fighting methods. There are exhibits - gifts from guests of the city, artists, colleagues from the American state of Arizona. A separate section of the museum is dedicated to children. The best children's works dedicated to firefighting are exhibited here: models of various fire trucks, fire shields, drawings, etc.

Students who are not familiar with the work of firefighters and rescuers, numerous exhibits and stands are introduced to the equipment of firefighters, the location of fire departments of the region, with the exploits of firefighters. Also at the exhibition there are stands and exhibits telling about the development of fire-rescue sports and its role in the organization of fire extinguishing.

A separate stand is dedicated to the soldiers who died in the line of duty.

The emotional, heartfelt story of the guide makes you think about the difficult profession of a firefighter and a lifeguard, as well as about fire safety in your own apartments.

The students were impressed, we thank the staff of the Museum of the Fire Service.
