

The student of the group RET-19-2 Galimyanov Ildar became the winner of the contest of business ideas

On October 20, 2021, as part of a project to teach students of universities and colleges entrepreneurial skills organized by the Department for Youth Policy of the Karaganda region, a competition of the best business ideas with a prize fund of 2000000 tenge was held.

158 applications were received for the course on teaching entrepreneurial skills. The training was divided into two blocks: the development of online business and the launch of an entrepreneurial project in a traditional offline format.

Among the winners was a student of our department Galimyanov Ildar Railovich.

The theme of the project Galimyanova I.R. was: “Device for wireless charging of AA(14500) and AAA (10440) batteries.”

He received 200,000 tenge for the development of his startup project.

We congratulate Ildar on his well-deserved victory and wish him further success!
