

Jas Orda - Educational Projects

The Educational Projects Center is a part of Jas Orda and is responsible for organizing educational initiatives. At our university, we host a variety of programs such as the “Ziyatker” intellectual game series, the Student Leadership School, and programs like “Let’s Study” and “LvI`Up,” which contribute to the development of students’ academic literacy.

A Distinctive Feature of Jas Orda

A key feature of our youth association, Jas Orda, is the organization of off-site educational schools. These events are held three times a year—in fall, winter, and summer. During these trips, participants engage in educational and sports activities while also developing teamwork skills.

Charitable Activities

Charitable work thrives at our university, led by the youth charity organization “AQNIET.” Our student volunteers provide assistance to large families, orphans, and the elderly. Major charitable events include the “Road to School” campaign and the “Letter to Santa Claus” initiative.

Cultural and Sports Activities

The Culture and Sports Center organizes events aimed at unlocking creative potential, enhancing communication skills, and boosting sportsmanship. You can take part in events such as “Freshman Debut,” “Áz-Naýryz,” “Mister and Miss,” and the “Rector’s Ball.” Additionally, there are smaller events like the “Esports Tournament,” “Kozy Korpesh – Bayan Sulu,” and the “SJ Fest in 90s Style.”

ДИЛЬНАЗ

18 ЛЕТ

Факультет, группа:
ФЭАТ, СТСС-23-1
