

Information about Preparatory Courses

Abylkas Saginov Karaganda Technical University invites high school graduates to attend preparatory courses offered by the university.

The preparation program includes subjects for the Unified National Testing (UNT), namely mathematics, physics, history of Kazakhstan, and informatics. The courses are taught in both Kazakh and Russian languages.

The preparatory courses are offered on a paid basis – 8100 tenge per subject per month, with a minimum of 1 subject. Classes are held twice a week.

The group should have at least 10 students. Classes are conducted by experienced and highly qualified teachers.

For more detailed information, please visit: Karaganda, N. Nazarbayev Avenue, 56, first building, room 210.

Contact phones: 56-78-38, 87003956509

Cost of training	Minimum Number of Subjects	Number of Classes	Contact Phones
8100 tenge	1	Twice a week	56-78-38 87003956509
