

Information about preparatory courses

Abylkas Saginov Karaganda Technical University invites school leavers to the preparatory courses functioning at the university.

The training program includes UNT subjects, namely mathematics, physics, history of Kazakhstan, informatics. Training is provided in the state and russian languages.

The work of preparatory courses is carried out on a paid basis - 8100 tenge for one subject per month, the minimum number of subjects - 1, the number of classes - 2 times a week.

The number of students in the group should be at least 10 people. Classes are conducted by experienced, highly qualified teachers.

More detailed information is available at the address: Karaganda, N. Nazarbayev Avenue, 56, first building, room 210.

Phone numbers for reference: 56-78-38

Cost of training	Minimum number of subjects	Number of classes	Telephone numbers for reference
8100 tenge	1	Twice a week.	56-78-38
