

Report on the activities of the student anti-corruption club "Sanaly Urpak" for 2023

On December 14, 2023, as part of the activities of the Sanaly Urpak club, a round table was held on the topic "The role of the family in the formation of an anti-corruption culture". The family is the unity of society in which the citizens of the country are brought up. Therefore, holding such an event made it possible to once again determine the role of the family in the upbringing of the younger generation, which is able to develop tolerance to all manifestations of corruption. During the round table, the participants noted the important and special role of the family in the formation of an anti-corruption culture. In a family that grew up on principles such as honesty, morality, integrity, justice, laws are respected, an anti-corruption culture is formed, and a stable immunity to rejection of corruption.

On December 1, 2023, the republican anti-corruption project course "anti-corruption innovative solutions" was held in the city of Karaganda.

120 participants of different ages submitted an online application for the project, and only 18 of them reached the final. This competition was divided into 4 main areas, each of which is important in the fight against corruption: "Public control", "Anti-corruption education and research", "Identification and elimination of corruption risks", "Anti-corruption media".

Of the 18 projects that made it to the finals, 3 projects were presented by students of Karaganda Technical University named after Abylkas Saginov. Graduate student Orazbek Nurdaulet Yerubaeovich implements his project in the direction of "Public Control" on the topic "Implementation of an anti-corruption component in corporate training" (head - Shormanbaeva D. G.), The remaining 2 projects presented their projects "Anti-corruption measures". 3rd year students Kapar Raushan Sagatbekovna, Nazarbek Zhuldyz Nazarbekovna under the guidance of Zhumatova Gulzat Mukhametkarimovna on the topic "Mobile game aimed at forming intolerance to corruption", as well as Nasima Marhamatova Marhamatovna project on the topic "Using the potential of artificial intelligence in identifying corruption risks" (head -A. S. Satkenov).

All participants were presented with letters of thanks, as well as paintings depicting the city of Karaganda.

Congratulations to our participants on this important achievement! We wish them further success and inspiration in their good will to change our country for the better!

On November 28, 2023, the anti-corruption quest game "AntiParaCraft" was held at the Karaganda Technical University named after Abylkas Saginov as part of the activities of the student anti-corruption club "Sanaly Urpak" on the initiative of the Agency for Combating Corruption of the Republic of Kazakhstan. The organizers were the student club "Sanaly urpak" and the Department of Youth Policy. The quest was conducted as part of a comprehensive work on the formation of students' skills of anti-corruption behavior, intolerance to manifestations of corruption in the educational process. Arkady Nabievich Tleuberdinov, speaker of the Antikor educational pool, member of the commission on the legality of Human rights and anti-corruption of the regional public council, and teachers of the APK and SRS departments took part in the quest game as observers. According to the results of the game, the 1st place was taken by the Parasat team (head Zhumatova G.M.), the 2nd place was taken by the Adal Azamat team (head Sarsenbekov N.Zh.), the 3rd place was taken by the Rukh team (head Abdrakhmanova A.A.) and the Youngsters (head Khasenov R.A.). This format of the anti-corruption event aroused great interest among young people and allowed them to take a fresh look at the issues of ethics and integrity.

On November 24, 2023, the campaign "No corruption!" was held. The action was organized within the framework of the work plan of the student club "Sanaly Urpak" and once again confirmed the importance of the events. In order to form an anti-corruption worldview among young people, representatives of the MAP gathered. Abylkas Saginov. The main purpose of the campaign is the formation of an anti-corruption culture, the principle of "zero tolerance" for all types of offenses, the involvement of young people in the fight against corruption, and an active civic position. As part of the campaign, students took part in a flash mob and distributed special booklets. It is impossible to eradicate corruption without the participation of society. We must all unite and fight corruption! "The future of the country is in the hands of the youth!"; "We are against corruption!".

On May 22, the final meeting of the Sanaly Urpak club was held with the participation of the chairman and heads of the club on the theme "Sanaly Urpak - the key to a high-quality future". The meeting was attended by members of the club, the work carried out according to the approved plan since the beginning of the school year was analyzed and the results were summed up.

The main purpose of the organization of the student club is to create conditions for the formation and development of a highly moral, responsible, socially competent citizen and patriot of his country at our university. Within the framework of this goal, the tasks of the student club for the implementation of measures aimed at spiritual and moral education, the formation of anti-corruption consciousness and anti-corruption culture among students, the organization of anti-corruption events have been fully fulfilled.

The members of the club reported within the framework of the tasks assigned to them. In order to prevent them in the future, an analysis of errors and gaps that arose during the work was carried out. The chairman of the club, Maraboy A.K., focused on all the activities within the framework of the approved plan for the academic year and

noted that they were fully implemented. The leaders of the club, M.A. Seidinova, G.M. Zhumatova, thanked all the members of the club for their systematic, responsible, conscientious work during the year.
