VII SUSTAIBNABLE DEVELOPMENT VIII AUDIITOR'S REPORT AND FINANCIAL STATEMENTS

We present to your attention the Annual Report of Non-profit Joint-stock Company Abylkas Saginov Karaganda Technical University for 2023.

In the reporting year, the University continued its work aimed at ensuring high quality innovative engineering education, scientific research for the sustainable socio-economic development of Central Kazakhstan.Last year, the University was noted in prestigious international and national rankings:-TOP-801+ QS World University Rankings;- "4 stars" of excellence according to the results of the audit of the world ranking QS Stars Rating System;-TOP-271+ QS Asia University Rankings;- in the National Ranking of NCE "Atameken" 23 educational programs of the University entered the TOP-10, of which 15 programs entered the TOP-5.

In 2023, a lot of work was done to improve the efficiency of the Company and its academic status. The development of practice-oriented research educational programs was carried out with the participation of employers: large systemically important enterprises of the region that are part of Corporate University, such as the Qarmet JSC, the Kazakhmys Corporation LLP, the Sokolov-Sarbai Mining and Processing Production Association JSC, the Shubarkol Komir JSC, the Bogatyr Komir LLP, the NovaZinc LLP, the Borusan Makina Kazakhstan LLP and others. Cooperation with such enterprises allows the University to actively develop the scientific potential of both students and staff.

This year was marked by important achievements in the field of international cooperation, for example, an agreement was signed between Abylkas Saginov Karaganda Technical University and Shihezi University (PRC) on the implementation of a joint educational program in the area of 7M07103 - "Mechanical Engineering". In 2023, 19 cooperation agreements were signed with universities from Poland, Hungary, Turkey, the People's Republic of China, Pakistan, etc. The transformation process of scientific activity is actively underway. In 2023, as part of scientific research activities, 82 projects were implemented, for a total amount of R&D funding of 1 billion 394 million tenge, which is 54% more than in 2022. There is a positive trend in the publication of scientific articles by the teaching staff in foreign journals included in the international databases Clarivate Analytics and Scopus. In general, Abylkas Saginov Karaganda Technical University continues to fulfill the tasks set before it in all the areas of activity.

In 2023, 9 meetings of the Board of Directors were held, including 5 in-person meetings.

The Board of Directors considered 25 issues and made 37 decisions.

Three committees were created to consider the most important issues and prepare recommendations for the Board of Directors: Strategic Planning Committee; Audit Committee; Personnel and Remuneration Committee.

The Strategic Planning Committee held 5 meetings, at which 8 issues were considered, and 9 decisions were made on them.

The Audit Committee held 5 meetings, all meetings were held in person. 6 issues were considered, and 7 decisions were made on them.

The Personnel and Remuneration Committee held 5 meetings, at which 6 issues were considered and 10 decisions were made.

As part of the work on implementing the principle of transparency and disclosure of information, the Company constantly discloses information on all material aspects of the Company's functioning, including information on the decisions of the Sole Shareholder, the composition of the Board of Directors and the Management Board, as well as on the financial position, performance results and objectives of the Company, brought into compliance with the requirements and recommendations of the Corporate Governance Code.

VI CORPORATE MANAGEMENT: MANAGEMENT BOARD ACTIVITIES

The current activities of the Company are managed by the executive body of the Company - the Management Board. The Management Board of the Company is headed by the Chairman of the Management Board - the Rector of the Company.

The Management Board is accountable to the Board of Directors and manages the daily activities of the Company, is responsible for the implementation of the development strategy and/or development plan and decisions made by the Board of Directors and the Sole Shareholder.

In 2023, 12 meetings of the Management Board were held, at which 34 issues were considered, 39 decisions were made on them.

Chairman of the Management Board, Rector of Karaganda Technical University NPJSC Ibatov Marat Kenessovich.

By the decision of the Sole Shareholder dated August 26, 2021 (Order of the Minister of Education and Science of the Republic of Kazakhstan No. 125-zhk), **Temerbayeva Aizhan Maratovna** was appointed a member of the Management Board, Vice-Rector for Academic Affairs..

By the decision of the Board of Directors dated November 29, 2022 (minutes No. 8), **Rakishev Asset Karigulovich** was elected as a member of the Management Board, Vice-Rector for Research.

By the decision of the Board of Directors dated November 29, 2022 (minutes No. 8), **Kalykov Abai Koblandiyevich** was elected as a member of the Management Board , Vice-Rector for Educational Work.

To achieve the sustainable development goal of "Quality Education" in accordance with international standards for defining and interacting with stakeholders, the Company has developed a set of regulatory documents - internal regulatory documents, codes, standards, documented procedures, regulations on the type of activity, methodological instructions, rules.

In 2022, as part of the improvement and implementation of the University Personnel Policy, rotation and renewal of department heads was carried out within 30% in accordance with the Qualification Standard of the Faculty and Researchers.

Based on the Comprehensive Development Program of the Company, the University has a system for measuring the KPI of the current corps of heads and deans, which allows assessing not only the overall achievements in the context of departments, but also the personal achievements of each manager. This approach not only stimulates increased performance, but also ensures an assessment of the effectiveness of the rotation.

Particular attention is paid to the formation of the corps of the Company personnel reserve through the identification and development of HiPo (High Potential) employees with high potential, aimed at career and professional growth. For this purpose, the list of reservists for administrative and managerial positions is updated annually, an annual series of seminars and advanced training courses in the field of sustainable development, education management, corporate and entrepreneurial culture, and team building is held.

The achievement of the Company KPI is assessed on an annual basis. Chairman of the Management Board, Rector and members of the Management Board are assessed annually by the Board of Directors. The main criterion for their assessment is the achievement of the set KPIs, which are approved by the Board of Directors of the Company, based on the Company's development plan. The KPI of the Chairman of the Management Board, Rector and members of the Management Board is developed in the form of a KPI table by comparing their planned values in accordance with the indicators of the Company Development Plan and the achieved result. Proposals regarding the KPIs of the members of the Management Board are submitted to the Board of Directors for consideration.

Ответственность аудитора за аудит финансовой отчетности

Наша цель состоит в получении разумной уверенности в том, что финансовая отчетность не содержит существенных искажений всладствие недобросовестных действий или ошибок, и в выпуска аудиторского заключения, содержащето наше иненке. Разумная уквренность представляет собой высокую сталень уверенести, но не является гарантией того, что аудит, проведенный в соответствии с Мехдународными стандартами аудита, всегда выявляет существенные искажения при их наличии. Искажения моут быть разультатом наробросовестных действий или ошибок и ингаются существенным, если можно обоснованно предположить, что в отдельности или совокупности они моут повляять на акономические решения пользователей, принимаемые на основа стой финансовой отнетности.

В рамках зудита, проводимого в соответствии с МСА, мы применяем профессиональное суждение и сохраняем профессиональный систовуют на протяжении всей худиторской проверки. Кроме того, мы былолгием прадующее:

- выявляем и оцениваем риски существенного искажения финансовой от-ённости вследствие недобросовастных действий или ошибых, разребатываем и проводим зудиторские процедуры в отает на эти риски, получаем зудиторские дохазтельства, являющийся достаточными и надлежащими, чтобы служить основой для выражения нешего менения. Риск не обнаружения существенного искажения в рекультате наробросовестных действий выше, чем, риск не обнаружения существенного искажения в результате ошибии, так как недобросовестные действия могут включать сговор, подлог, умышленное не отражение или неправильное представление деньството искажения в результате ошибии, так как недобросовестные редставление деньствие или действия в обход окстемы внутреняето контроля;
- получаем понимание системы вкупренного контроля, связанной с аудитом, с целью разработии аудиторових процедур, соответствующих обстоятельствам, но че с целью выражения мениля об аффективности истемы вкупренного истроля Общества;
- оцениваем надлежащий характер применяемой учетной политики и обоснованности оценочных значений и соответствующего раскрытия информации, подготовленных руководством;
- формируем вывод о правомерности использования руководством допущение о непрерывности деятельности и качестве основы бухгалтерского учета, в на основании полученных вудиторскох доказательства – вывода о том, имеется пи сущоственная неопределенность в свями с событикии или условиями, в результате которых могут возникуть значительные сомнения в способности Общества продолжать непрерывно овою доятельность. Если мы приходии к выводу о наличии сущоственной неограделенности, мы должны обратить винызие в нашем задиторском заключении на соотвотствующию распрываемую в финансковой отвётности информацие или, если такого раскрытия информации недостаточны, кодидирировать наше менение мили, выводы основаны на зудиторских дожазательствах, полученных до даты нашего зудиторохого заключения. Однако будущие обытия или условия могут привести к тому, что Общество утратит способность продолжить негрерывно свою даятельность;
- проводим сценку общего представления финансовой отчётности, ее структуры и содержания, включая раскрытие информации, а также оценки того, прадставляет ли финансовая отчётность лежащие в ее основе операции и события так, чтобы достигалось достоверное представление о них.

Мы осуществляем информационное взаимодействие с лицами, отвенающими за корпоративное управление, доводя до их сведения, в том числе и информацию о запланированном объемо и сроках зудита, и аначимых вопросах, которые привлекли внимание вудитора, в том числе о знечительных недостатихс системы внутреннего контроля, которые мы выявляем в процессе аудита.

Мы также предоставляем лицам, ставнающим за корпоратиеное управление, заявление о том, что мы соблюдали все соответствующие этические требование в отношении назаконскости и информировани этих лиц, обо всех взаимоблношениях и прочих вопросах, которые можно обосходенно считать козамазоциям влияение на независимиссы аудитора, а в необходимых случаях, – о соответствующих мерах предосторимскоги. Из тех вопросов, которые мы довели до сендения лиц, отвечениция за корпоративное управление, мы определяем вопросы, которые быти наиболее энзимыми для аудита финансовой отчетности ав техуций период и, спедовательно, запистся ключевыми вопросеми аудита. Мь описываем эти вопросы в нашем аудиторском заключении, кроме случаев, котда публичное расхрытие информации об этих вопросах зартеценов законом или нормативным актом, или, когда в крайне редиих случаем, мы приходния к выводу о том, что информация о каком-тибо вопросе на должна быть сообщена в нашем заключении, так как можно собонованию предполжити, что отрицательные последствия сообщения такой информации превысят общественно значимую пользу от ее сообщения.
