4 Responsibility and authority

4.1 The Vice-rector for Educational Work of NPJSC “Abylkas Saginov Karaganda Technical University” is responsible for development, revising and introduction of the requirements, specified in this provision.

4.2 A developer is responsible for compliance of this provision with the requirements of ST RK ISO 9001-2016 (ISO 9001-2015).

4.3 The participants of EP are responsible for organizing and coordinating an activity of the execution of specific stages of the process.

4.4 Responsibility for the quality of works execution, related to specific stages of the process, is born by leaders, who are participants of the specific stage execution.

4.5 The rights and obligations of the participants of EP in the realization of educative activity are regulated by respective provisions of the structural divisions.

5. General provisions

5.1 The purpose of EP is to form comprehensively and harmoniously developed personality of the student, that combines spiritual wealth, moral purity, physical perfection, that is capable of creativity, has a scientific view of the world, a high culture and civil responsibility; to train technical personnel, having a high level of the social and personal competence, which allows to fully realize its potential, to actively interact with society, to be successful in the professional, labor and social activity.

5.2 The tasks of EP are:

- formation of the civic consciousness, patriotism, spiritual and moral guides, religious tolerance, educating the respect for historical and cultural heritage of Kazakhstan on the base of folk traditions and national values;

- improvement of the legal culture, mastering the knowledge about the rights and obligations of person and citizen, the formation of “zero tolerance” for the incidents of corruption, a culture of integrity;

- educating the respect for labour as a socially and personally significant need;

- formation of the environmental consciousness by means of studying the state of environment, involvement of the students in the activities of solving environmental problems;

- maximum involvement of the students in the activity, which contributes to realization of their inner potential, the development of aesthetic taste, intellectual, creative and physical abilities, the development of healthy lifestyle skills;

- stimulation of the student self-governance, the development of social activity, social competence skills, the needs for self-education and self-realization.

6 Description of the procedure

6.1 The main areas of EP:

- civic and patriotic education;

| NPJSC “Abylkas Saginov Karaganda Technical University” | Provision Educative process system | Internal Activity Provision VII-01-2022 Version No. 02 Dated 2022.11.01 Page 5 of 10 |
|--|---|--|

- spiritual and moral education;
- aesthetic and cultural education;
- education of social activity;
- legal and anti-corruption education;
- ecological education;
- physical education.

6.2 The performance criteria of EP are improvement of its quantitative indicators:

- increase of the number of students, who participate in the ecological, volunteer and charity events;
- increase of the number of socially active students;
- increase of the number of people, involved in the social, cultural and sports life of the university;
- increase of the number of students, who have achievements in the various social spheres;
- prevention of committing violations by students;
- prevention of the diseases and spread of AIDS, drug addiction.

6.3 The educative process involves:

- Board of Curators;
- Spiritual and Moral Education Council;
- Offices of the deans;
- Youth Policy Department;
- Research Institute of Patriotic Education;
- Zhas Orda Youth Association;
- Press Service;
- Serpin Training Center;
- Social-psychological Service;
- Museum;
- Library.

6.4 The content of EP is formed and regularly updated on the base of analysis of the results of survey, the achieved level of mannerliness, determined by the means of tests, as well as resource capabilities of NPJSC “Abylkas Saginov Karaganda Technical University”.

6.5 The main component of EP is the educational course “Ultka Kyzmet”, developed on the basis of the model of patriotic education “Formation of New Kazakhstani Patriotism”.

6.6 The educational course “Ultka Kyzmet” includes a calendar plan of spending curatorial hours and is conducted during the entire training period of students. A structure of the course consists of 7 sequentially arranged stages, which have target and content load, and are intended for a specific semester. The course starts from the first days of studying at the university, includes all academic semesters and ends in the last year.

6.7 A test of the learnt material of the educational course “Ultka Kyzmet” is carried out at the end of each semester.

6.8 Students will get grades for the social activity in accordance with the criteria

|--|---|--|

8.2 The appointment of curators of the student groups is carried out by the order of dean of the faculty from teachers. Replacement of the curators in the groups is made only in exceptional cases (dismissal, death, illness, maternity leave). The curator is relieved of his duties by the order of the dean of the faculty, indicating the reasons.

8.3 An activity of the curator is included in his individual plan as the educational work and is recorded in his testimonial, given for participation in the competition or attestation of ATS.

8.4 The structure of curatorial work

8.4.1 Administrative supervision of the work of curators is carried out in the usual way: Chairman of the Management Board – Rector of NPJSC “Abylkas Saginov Karaganda Technical University” – Vice-rector for Educational Work – dean of the faculty – Deputy Dean for Educational Work – head of the department – curators of the groups.

8.4.2 Methodological and organizational supervision of the work of curators is carried out by the Board of Curators through the Deputy Dean for Educational Work, who is entrusted with the functions of senior curator of the faculty.

8.4.3 The head of department manages an activity of the curators and carries out the necessary control over their work, using various forms for this (listening to reports of the curators, discussion of their activity at the meetings of department, methodological seminars of the department, attendance of the events, held by the curators in the groups etc.), assists the curators in their work.

8.5 Obligations of the curator:

- to spend the curatorial hours in accordance with a calendar plan of the educational course “Ultka Kyzmet”;

- to appoint a monitor from active and initiative students, and form the most active members of the group;

- to study and analyze psychological features, the social activity of students, their interests and hobbies, achievements in the various spheres of life, the state of students’ living conditions, to form a portfolio of the group;

- to contribute to the acquisition of skills of the educational labour by students, the correct combination of educational classes with the social activity, creative development, sports activities, rational leisure activities;

- to contribute to the realization of intellectual, creative and social initiatives, the involvement of students in the active social life of the university, participation in the activities, related to public safety that affect the health and well-being of citizens;

- to carry out an individual work with parents of the students, to inform them about lessons attendance, academic progress, achievements and violations of the Charter of NPJSC “Abylkas Saginov Karaganda Technical University”;

- to improve one’s pedagogical level, to study and introduce the experience of the best curators into the practice of working, to constantly improve the methods of educational work;

- to take timely measures on the facts of violation of the classroom discipline, being behind a training schedule without good reasons, to quickly organize a
